# STRATEGIC PARTNERSHIPS

## Strategic Goals

FIRST

Strengthening the capacity of educational systems in Member States to ensure sustainable development and reduce inequality.

SECOND

Working towards expediting the efforts of the Islamic world countries to join the ranks of global economic powers and sustainable societies that focus on knowledge production, scientific development, innovation, strategic foresight and environmental protection

THIRD

Contributing to achieving social development, consolidating the foundations of peace and security, and building sustainable societies.

FOURTH

Contributing in the overall cultural development of the Islamic world communities, encouraging cultural diversity, civilizational dialogue, and heritage protection while respecting local specificities and the Islamic identity.

FIFTH

Achieving coherence, integration and strategic coordination among the Islamic world countries in the Organization's areas of work by creating an institutional environment characterized by efficiency, effectiveness and good governance.

## Vision

To be a global beacon of knowledge in Education, Science, Culture and communication

## Mission

An accelerator of development by designing policies, promoting knowledge, adopting innovation, building leadership and offering consultation, and technical support

# Pillars of Strategic Goals
